

## “Buy-A-Brick” Program

Throughout the construction of each custom Smart Home, the Gary Sinise Foundation encourages participation by the local community to help build a network of informed and invested supporters. One way to contribute is through our “Buy-a-Brick” program. Through this program, community members can add individualized messages to the bricks that will comprise the Smart Home’s flagpole base. The donations from each brick will directly benefit the Smart Home’s construction costs.

### “BUY-A-BRICK” DONATION FORM
